only. If rich students were very brilliant in their school-career, they might be given something like a medal in appreciation of their talents.

Dewan's reply.—Noted.

IX. MISCELLANEOUS.—(*Continued*).

119. Needs of the town of Kayankulam.

Mr. Peeli Pye Rama Pye (Member, Trading Classes, Kayankulam) submitted the following :—

(1) The Kayankulam bazaar road, about 2½ furlongs long, should be metalled and drains constructed on either side to take rain water.

(2) The following minor roads should be improved—

(*a*) From the Kayankulam town to the Muttam road as far as the town limit.

(*b*) From that point eastward as far as Thirthampiticha Alumudu (within the town limits).

(3) A sub-treasury should be opened at Kayankulam under the supervision of the First Class Magistrate.

(4) The road from Kayankulam to Nangiarkulangara about 6 miles long should be metalled. Though it was a long time since it had been sanctioned, nothing had been done.

(5) The Krishnapuram Munsiff's Court should be transferred to the town of Kayankulam as that was the central locality for all the *pakuthies* covered by the jurisdiction of that court.

Dewan's reply.—Noted.

The Assembly adjourned at 6 P. M.
